

Planea Mini WL

1 variant

The Planea Mini WL is a wall luminaire for outdoor lighting with a housing in coated aluminium profile (200 x 80 mm). With BLK2 LED modules, the family covers two power levels (11 W / 13 W) and delivers 882-1'540 lm depending on module. Three light distributions – linear as well as asymmetric wide-beam and deep-beam –, the light colours 2'200/2'700/3'000 K (optionally 1'800/4'000 K) and three standard housing colours make the luminaire configurable for direct wall mounting.
